NITIN VERMA

Anand Nagar, Ajmer • (+91) 7737843199 • nv5327260@gmail.com

CAREER OBJECTIVE

Aspiring Java Developer with a solid academic background in software development and hands-on experience in Java, Spring Boot, and database management. Eager to apply my technical skills and problem-solving abilities in a dynamic development environment while continuously learning and contributing to innovative solutions.

TECHNICAL EXPERTISE

- **Programming Languages:** C, C++, Java, JavaScript
- **Frameworks & Libraries:** JavaFX, Node.js, Express.js, React.js , jQuery, Bootstrap
- **Web Development:** HTML, CSS, JavaScript (with responsive design using Bootstrap)
- **Database Management:** SQL, PostgreSQL, MongoDB
- **Data Structures & Algorithms:** DSA using C++
- **Tools & Platforms:** IntelliJ IDEA, VS Code, AI Tools (Chat GPT, Gemini and Black Box)

EDUCATION

- **Bachelor of Computer Applications (BCA)**

MDS University, Ajmer | 2026 – Present (6th Semester)
Average Marks (Up to 5th Semester): 71.44%

- **Senior Secondary (12th)**

Mahatma Gandhi, RBSE | 2022
Commerce Stream | 76%

EXPERIENCE

FullStack Developer Internship **iBirds Software Services** | *6 Months*

Worked on real-world client projects, gaining hands-on experience in full-stack development using modern technologies.

- Developed and maintained web applications using React.js, Node.js, Express.js, and PostgreSQL.
- Implemented authentication, APIs, and database integration for scalable applications.
- Followed HMVC architecture and industry best practices for clean and maintainable code.
- Collaborated in a team environment and contributed to client-based enterprise solutions.

PROJECTS

- **Accounts Management System (3rd Semester)**

Technologies Used: Java, JavaFX, Spring Boot and Postgre SQL
Collaborated with a team member to develop a desktop-based system for managing financial records.
Gained experience in team collaboration, dividing responsibilities, and integrating individual components.

- **GAPL Client Project (Enterprise Application) (In Internship) (6th Semester)**

Tech Stack: React.js, React Bootstrap, Node.js, Express.js, PostgreSQL (HMVC)
Developed an enterprise-level web application for a client using HMVC architecture with a focus on scalability and performance.

Implemented JWT-based authentication and role-based access control.
Built RESTful APIs and optimized PostgreSQL queries for efficient data handling.
Developed dynamic dashboards and modular components for real-time data management.

- **Other Projects:**
  - Ajmer ISKCON Chanting & Calander & Web App
  - Real-Time Poll Web App
  - Real-Time Chat Application
  - AI Marketplace E-commerce Platform (Ongoing)

KEY STRENGTHS

- Problem-Solving
- Team Collaboration
- Leadership
- Time Management
- Adaptability & Quick Learning

LANGUAGES

- English
- Hindi
